Good Morning,

I am writing you concerning the Microsoft Settlement and the law (officially called the Tunney Act) requires a public comment period between now and January 28th. I say it's high time that this ridiculous litigation nonsense by nine dissenting states be stopped. The settlement that was reached between the USDOJ and nine states clearly is fair to all parties concerned. I think it's high time to close these issues against Microsoft and move on.

If you need further information from me, please feel free to e-mail me.

Thank you,

Dean DeBois
